

Innovative Solutions for Your Intralogistics

Challenge:

- ✗ Endless expanses in the warehouse
- ✗ Storage areas hard to find

- ✗ Hands full: Pick list/scanner/wearables for scanning
- ✗ Complex processes
- ✗ Vendor lock-ins

Solution: YUtag in Action

- ✓ Simplest operation
- ✓ Multilingual interaction with the user
- ✓ Maximum flexibility when positioning tags on shelves or crates
- ✓ Bidirectional real-time data exchange

Your Advantages

- **Cost Reduction**
Reduce your actual costs by 15–20%.
- **Scan-free**
Scan-free intralogistics processes save up to 80% of time and therefore significantly save your costs.
- **Radio-free**
Your intralogistics will become safer and more efficient.
- **Sensor Platform**
You get a complete picture of your production with our sensor platform.
- **Digital Twin**
We create a digital twin for your process – end-to-end.
